

Meeting	Mid-Term Conference
Date	14-16 June 2017
Title	RURAL AND REMOTE HEALTH RECOMMENDATIONS
Resolution	NATIONAL COUNCIL OF WOMEN AUSTRALIA hereby endorses the recommendations from the 14 th Biennial National Rural Health Conference, held in Cairns on 26-29 April 2017 and supports their implementation and funding.
Rationale	<p>The work done at this conference represents thousands of hours of work and has contributed to the body of knowledge about health services in the rural and remote communities.</p> <p>The disparity between the health and wellbeing of urban dwellers and those in the rural and remote areas, particularly for those that are recognised as First Peoples is a wide chasm which needs to be addressed.</p> <p>The full list of recommendations are at this link - http://www.ruralhealth.org.au/14nrhc/sites/default/files/Recommendations14NRHC.pdf</p>
